

Reflections Mirror Photo Booth Layout Selection

How to select:

- **Decide** how many photos per print (blank areas) and if you want 4x6 or 2x6 (strips)

- **How** do you want the orientation of the photo to be?

Vertical: full body

Horizontal: waist up but could be full body (ability to zoom in or out)

- **How** do you want the layout/border to look around the photos (larger blank area- larger photo)

- **Let us know** which layout you've chosen by giving us the name or screenshot

- **Let us know** your theme or colours, what to write (date, names), or other decor (ex. specific flowers etc) if applicable

Base can be fully customized (eg. even if the border is black, it can be changed. Or removing decorations)

Premade are from previous events and are also examples of how the base can be customized. If you like a premade one, it can also be customized to your event.

If you have a layout in mind (one that you may have found on google or previous event) please send it to us and we will try to replicate it as best as we can.
